About us

Vinyl Deck & Dock Distributors, Inc. started in 1995 for the purpose of introducing revolutionary maintenance free vinyl products to the home improvement industry. Vinyl Dream Deck and Dream Railing, our first product line, provided an innovative alternative to wood.

A few years later we launched **MERIDIAN FENCE**, our vinyl and aluminum fence product brand. Our products are made of the finest materials and are engineered to provide a lifetime of service with virtually no maintenance.

If you've ever owned a wooden deck or fence you know how much time and money is spent on maintenance. Vinyl is the most cost effective, durable, and longest lasting material used in the home improvement industry. This means a long-lasting return on the investment in your home.
